

STATEMENT OF INTERMATABILITY TESTING

October 2020

GZX PV-GZX1500 connector

GZX Connectivity has completed performance and reliability testing at our Lab on Oct 16, 2020 of the inter-mating compatibility of the PV-GZX1500 Solar

Connectors with third party manufactured solar connectors.

The GZX PV-GZX1500 Connector **Passes** UL6703 test requirements when mated with the following connectors:

- Multi-Contact's MC4 connector, version PV-KBT4/6II-UR female connector and PV KST4/6II-UR male connector
- Multi-Contact's EVO2 connector, version PV-KBT4-EVO 2/6I-UR PV female connector and PV-KBT4-EVO 2/6I-UR PV male connector

1 Testing performed on third party products procured on Sept, 2020.

2 GZX strongly recommend to use only same brand and type of connectors for your solar projects.
